## Salary by Seniority & Employment Type

| Seniority | Employment Type | Avg Min Salary | Avg Max Salary |
|-----------|-----------------|----------------|----------------|
| Mid-level | Full Time       | \$65,724       | \$105,686      |
|           | Temporary       | \$65,000       | \$72,000       |
|           | Total           | \$65,644       | \$101,943      |
| Senior    | Full Time       | \$112,500      | \$150,000      |
|           | Total           | \$112,500      | \$150,000      |
| Total     |                 | \$74,163       | \$110,680      |

### Key Takeaway:

**Market Ceilings:** Mid-level full-time roles command a highly competitive maximum salary band, tightly trailing senior positions. This indicates aggressive mid-level market competition.

**Negotiation Delta:** The average salary spread across Mid-level listings sits at **\$36,299**. This significant margin indicates substantial flexibility during negotiation phases.

**Data Disclosure Caveat:** Entry-level compensation benchmarks are completely absent on this page because 0% of tracked entry-level postings included salary data.
